

# STUCCO VENEZIANO - *Teate*

## TECHNICAL DATA SHEET 135

### DECORATIVE COATING FOR INTERNAL SURFACES

**CHARACTERISTICS:** It is a product formulated with synthetic binders, inorganic pigments, calcium carbonate, thickening agents, spreading agents, bactericide and other which provide the product with the following characteristics:

- shiny marble-like finish;
- minimum dirt retention;
- notable chromatic/decorative effect.

“STUCCO VENEZIANO” is the ideal finish for giving a special effect to internal surfaces of old or modern artistically decorated buildings.

“STUCCO VENEZIANO” provides the elegance of a polychromatic finish. As a result the internal surfaces of Venetian buildings provide some samples of the refined art of a bygone era.

**SUPPORT PREPARATION:** Old paint should be removed where flaking or not very adherent. Old plaster layers that are no longer in a good condition can be removed with the application of mortar in the damaged areas. Having been thus prepared, the base is treated with a coat of diluted “FISSATIVO ACRILICO”

**APPLICATION:** Apply evenly with a stainless steel plastering trowel in three coats using “STUCCO VENEZIANO” and paying the necessary attention to the elimination by sandpapering all that parts resulting from a mistaken application (use a very fine abrasive paper). Having obtained a well-balanced surface, proceed with the operation using a small plastering trowel or stainless steel palette knife before the complete drying-out of the previous application.

**DILUTION:** none

**SPECIFIC WEIGHT:** kg/lt.  $1,65 \pm 0,10$  at  $23 \pm 2^{\circ}\text{C}$

**COVERAGE:** 1 kg per squared meter on a well smoothed and flat base.

**PACKAGING:** 5kg – 24 kg. buckets

**COLOURS:** White. Other colours as reported on “TEATE” colour display brochure

**TOOL MAINTENANCE:** Wash immediately after use with water.

**STORAGE:** Keep in a cool dry place ( between  $3^{\circ}\text{c}$  and  $45^{\circ}\text{c}$ ) in sealed containers. The product remains in its original state for 24 months.

**WARNINGS:** After a long storage, it is always advisable to remix the product in its container before use.

THE PRODUCT IS NOT TOXIC.
